we've already heard this massive bullshit. You call the lawyer. yeah
yeah.

The FBI can't do shit to us. Joshua Moon is fucking above them and will
never remove your details from there. He's never been arrested and
always win. I'll personally ask the farmers to farm your family details.
Remember, as far as it's public, it's legal. We can dox you and your
family as much as we want.
Call the FBI they'll laugh at you.

Check this out. You've been doxxed. Your address is out there for
everyone to use and exploit.

And if you have kids, we'll dox them too. We've already published kid's
pictures and details here and on lolcow.farm
do you think you'll ever be able to stop us. Have you checked that
website too? You and your family might end up there soon.

Go ahead. Tell the FBI we doxx people. They'll laugh at you. They never
do anything.

For defamation of character (you're a retarded whore)

For threatening to send you and your midget husband to the morgue.

For forwarding this thread to Wise County DSS.

For threatening to show up at your home.

And, just for good measure, for contributing financially to Joshua Conner Moon so that this website can continue to exist.

KiwiFarms made me a public figure

This is retarded and you're retarded for believing it. Having one thread where a dozen or so autists mock you doesn't make you a "public figure" you fucking moron.
